

Did you know Some of Wentworth's Extra Services?

Landscape Design/Build

Our professional landscape department offers customers the most talented designers, experienced technicians and award winning projects. We focus on the client relationship to perfect the design/build experience. Our commitment to our clients and the success of each of their projects from the drafting table to the final touches is unsurpassed.

Plant Delivery

Can't fit that tree or shrub in your car? We'll bring it out for you. Need pallet mulches, stones or soils? We'll bring it to your home. We will deliver pallet materials to your door for minimum quantities of 1 pallet. Delivery fees can vary depending on the type of delivery and destination.

Fountain Setup

Purchase one of our many fountains and we will deliver and set it up for you. Prices for delivery and set-up vary based upon fountain purchase and delivery distance.

Planting

We will professionally plant your trees and shrubs. Fees for planting will vary based on sizes & quantity - Delivery charges apply.

Environmental Landscapes

Rain Garden - Mitigation, ponds, reforestation & native plantings. Need a permit, we can help - Our design service can supply plans for your specialty plantings. All plan fees are rebated at 10% of project cost.
