Height: 3'-4'  
Light: Full Sun/Partial  
Zone: 5-9

Ornamental grasses are a versatile, low-maintenance addition to the landscape, offering year-round beauty with their movement, texture, and seasonal color. They support wildlife by providing shelter and seeds, help with erosion control through deep roots, and thrive in a variety of conditions with little care. From adding contrast in garden design to serving as natural screens or accents, these grasses bring both function and charm to any outdoor space.
